HYCA2024F

This portable direct drive air compressor is great for sorting those smaller DIY jobs, with 7.07CFM it's got the power to take care of spraying, blasting, nailing, stapling or polishing. It has an automated on/off control switch and comes fitted with a relief valve for safety. The twin air outlets with dual gauges also mean you can power two tools at once.

Mounted on two heavy duty wheels, it's great for getting around the garage or even outside. The unit is easy to maintain with external air filters; handy when you need to change them.
