

LOCKJAW

L219 -Locking Pliers - Welding Clamps -LOCKJAW

Traditional locking pliers and clamps require two hands to adjust the jaw opening for each task; LOCKJAW™ Self-Adjusting Locking Pliers and Clamps patented Set & Forget™ pressure control screw locking mechanism allows the jaws to automatically adjust to any size object for simple one-handed operation. Whether grabbing something thick or something thin, LOCKJAW™ Self-Adjusting Locking Pliers and Clamps make jobs faster and easier.

Features:

- For use in welding applications or for holding awkward shapes in place. Forked jaws provide greater visibility.
- Jaws locks automatically with highest tip pressure without needing adjustments
- Chrome Vanadium steel for durability and rust prevention
- Set and Forget™ pressure control sets desired clamp pressure from slight to extreme
- 15% thinner handle for easier grip and more power
- No pinch easy squeeze release lever stays locked until you release it
